**Subject:** Happy Holidays and Request for Meeting to provide an Update on Request for CWA 404c regarding area near Bristol Bay, AK

Hi Dennis,

I hope this email finds you and your family well and that you are able to enjoy the holidays. When we met earlier this year regarding the requested CWA 404(c) action, I noted that there were a number of considerations that needed to be addressed as the EPA moved forward in its deliberative process. Key to the Agency's consideration was whether or not the 404(c) criteria were satisfied that triggered action. Since that earlier meeting, a number of stakeholders have met with OWOW and with senior EPA officials in DC on this matter. There is a desire to meet again with OWOW and senior officials to discuss recent technical reports and data regarding risks, however, I believe it would be prudent to meet with you first and to present and discuss the findings thus far. I'm hoping that you are available sometime during the weeks of January 10 or 17. We would meet at whatever time works within your schedule. I believe we would need about an hour of your time. Attending would be myself, Shoren Brown of Trout Unlimited and a representative of The Nature Conservancy. I'll confirm the exact attendees next week but wanted to get the request in as I know your schedule is pretty full. Thanks for your consideration and I look forward to hearing from you and seeing you soon. Again, happy holidays and all my best,

Wayne
